#### **ERNE FITTINGS**

was founded in 1920 and has been successfully completing international projects since the early 1970s. The company is nowadays the world's leading premium manufacture and supplier of butt-weld fittings in the approved market with operations in Austria, USA, Middle East and China.

#### **EMPOWERED BY EXPERIENCE**

Profound knowledge of applications, materials and standards and extensive technical expertise ensure that international projects run smoothly and play a vital role when it comes to successful collaboration with customers and suppliers. This makes Erne Fittings the preferred partner in the complex application fields of gas, nuclear, offshore, energy and chemicals.

# ERNE EXPERIENCE ADVANTAGES

- > Almost 100 years of production experience
- > Handling international projects since more than 40 years
- > Subsidiaries all over the world
- > World's highest approval level

O Sales and production O Sales Logistic services in Schlins (Austria) and Houston (USA)

# **SAFETY IS** WHEN EVERYTHING IS SET OUT IN BLACK AND WHITE.

### LABORATORY

Erne's independent, authorized testing laboratory according to EN ISO 9712 is fitted with state-of-the-art equipment and sets new industry standards. Employees with the best training possible (qualified to level 3 according to EN ISO 9712 and SNT-TC-1A) help the company ensure that customer objectives and requirements are met.
